

GRIDLEY, (UP)—Capturing a thief in the act of siphoning gasoline from tanks at his ranch, A. Conrad compelled the offender, with the aid of a 30-30 rifle, to ride astride the hood of his automobile to jail.

LONG BEACH, (UP)—Runaway boys will probably stay clear of this city in the future. The last two, who were picked up by Long Beach police, were given girls clothing, a dust cloth, a broom and then they were put to work.

ALUMINUM IS SAFE, STATE BUREAU SAYS

Utensils Subjected To Thorough Research Disprove Report

SACRAMENTO, (UP)—Use of aluminum cooking utensils for preparing food does not cause intestinal disturbances and is in no way detrimental to health.

This is the conclusion of the state department of public health, which has recently conducted research into often repeated reports that in some manner aluminum poisons foods.

"In disproving this theory, a wide variety of foods were prepared in aluminum utensils, and then carefully examined to discover aluminum salts in appreciable quantities in the food products," explained Dr. Walter M. Dickie, head of the state department.

Amount Extremely Small
"Oranges and lemons with rinds and pulp chopped up, covered with boiling distilled water, were boiled in an aluminum pan for one hour, then evaporated to dryness, incinerated and tested for aluminum. The amount of aluminum salt so dissolved was extremely small, an amount insufficient to produce illness in any human being.

"Similar experiments were performed with milk, brussels sprouts, tomato sauce and other food products. Negative results were obtained in all instances.

Human beings were used as subjects in some of the tests, according to Dr. Dickie, so that results were based on experimentation and not on mere opinion.

Daily Records Kept
In these tests aluminum was included in the food of healthy young men. The food was all carefully measured and weighed and the amount of principal ingredients determined by analysis.

Daily records of body weight, temperature, respiration and pulse were kept for each man and note made of any unusual symptoms. Any disturbance in health or physiological conditions were thus detected. The conclusion of the research experts was that small quantities of aluminum compounds and even comparatively large quantities when taken daily with the food have no effect on the general health and nutrition of the human body.

SET HEARING DATE

According to information received here this week from A. E. Honpling, Los Angeles councilman for the 15th District, January 13, 1931, has been fixed for further hearing of protests against the lighting of 165th street between Hpoover and Vermont avenues.

HI SCHOOL HI LIGHTS

By MURIEL BELL

Alva Richard, who should be getting too old to have a birthday, says he had one a week ago today. To celebrate that day he went with a few of his friends to Hermosa Beach for a good swim. Mother Nature gave him a sunburn for a birthday present.

Rudolph Huber writes to his friends that he is having a pleasant trip and has traveled more miles than he has learned to count. He is at Yellowstone National Park now, from there he will start for home.

The Epworth League of the Methodist church had a party last Thursday evening. Since the weather was warm they had a golfing party at the Wee Bobbie course. The scores would be best untold, for some played for the first time.

Ethel Ward went to Catalina Island Friday to show her cousins from Montana the island town. They took in all the sight seeing trips and the Montana girls went swimming in the ocean for the first time.

Richard Pullman has produced a coat of tan and has had enough swimming for awhile, so he decided to do a little work at the brick yards. Dick has lived near there for so long he is a part of the brick yard and can usually be found there.

San Diego has charmed Dorothy Chandler for every summer she goes there to spend a few days. She motored there and back with her father and sister, Jane, on Saturday and came back yesterday.

Bertha Hinman spent the weekend in Los Angeles with Mary and Anna Serra. She said there was no doubt that she had a wonderful time, and there was also no doubt that the mercury went rather high.

Wilson Page has only found two occupations for this summer. Tennis has become a necessary part of each day and the rest of the day he spends in father's office as a stenographer.

Mr. and Mrs. Austin and their children are spending their vacation motoring. They are now in the east, near Detroit, where they are being warmly greeted.

Bert Merrill has found another way of getting tanned besides that of going to the beach. He works every day in the garden at the high school and is just as tanned as those who haunt the beaches every day.

To celebrate the moving into a different home Ethel Ward had a little party at her home on Tuesday evening. Hence, and all forms of cards, games, singing and dancing, comprised the evening's entertainment. The girl merry makers were Lomir Kizer, Dot Eshom, Mody Holland, Rita Lester, Dot Hanson, Oma Beckwith, Beulah Cooper, Dorothy Stevenson, Mary Hinman, Mary McLean, Mae Guy, Susie and Mildred Bell, Jane Roberts, Betty McIntyre, Grace and Bernice Shaw, the honored guests, and Ethel Ward, the hostess.

New Phone Book Sets "Deadline"

July 25 is Last Date For Changes

Hundreds of thousands of names, addresses, and telephone numbers of Los Angeles county residents are now being compiled into Southern California's biggest book, the semiannual issue of the telephone directory. According to Fred W. Smith, manager of the Southern California Telephone Company here, the great sheaf of copy for the book will be made ready for printing on Friday, July 25.

Applications for service or changes in service, or additions, revisions, or changes in addresses must be made before the 25th of July if the listings are to appear in the fall issue of the directory.

The second 1930 Los Angeles county telephone directory will appear during October. When the March issue came out, it was adorned with a new blue and gray cover and back, with all instructions removed. The fall issue of directory, however, will have a radical change in appearance, with a cover design entirely different from previous issues.

Torrance Man Hurt In Auto Accident

E. R. Morford, of 2031 Gramery avenue, was slightly injured July 18 when his car was struck by a machine driven by Otto Felton, Chicago, according to police reports.

Felton, in his report to the officers here, stated that he was driving east on Redondo boulevard and Morford was coming down Post avenue. At the intersection, Felton claims that Morford pulled in front of his car causing Felton to hit him.

"Why I'd Buy a Plymouth" Contest

PRIZE LIST

- 1 Annuity—\$1,000 a year as long as you live**
- 5 Trips Around The World**
- 5 Cash Prizes of \$1,000 Each**
- 25 Plymouth Cars**
- 5 Cash Prizes \$500 Each**
- 5 Cash Prizes \$200 Each**
- 15 Cash Prizes \$100 Each**
- 100 Cash Prizes \$50 Each**
- 250 Cash Prizes \$25 Each**
- 600 Cash Prizes \$10 Each**

RULES of CONTEST
READ CAREFULLY

We want people to see and know all about the wonderful values of the Plymouth car and at the same time to secure from car buyers their impressions as to the things about it which appeal most strongly. That is the basis of this contest

- Over 1,000 prizes will be awarded to the persons who send in the best and most forceful reasons why they would buy a Plymouth.
- Neatness—accuracy—appearance and compliance with the rules will count. Brevity will also be a consideration. Don't waste words but be sure and say everything you have to say.
- The contest closes at midnight, October 20th, 1930. Winners will be announced through placards displayed in the stores of Dodge, Chrysler and De Soto dealers, as soon as possible after the contest is closed.
- The contest is open to every person over the legal driving age of his or her state—except distributors, dealers, salesmen and employees of the Chrysler Corporation, or its subsidiaries. It does not matter where you live.
- Each entry should be sent by first class mail—postage prepaid. If you put insufficient postage on your letter, the Post Office Department will return your entry.
- Judges will be appointed by the Plymouth Motor Corporation and their decisions will be final. In case of ties, the full amount of the prize tied for will be awarded to each tying contestant.
- No entries will be returned. Each contestant gives the Plymouth Motor Corporation the right to publish his or her entry as it sees fit.
- Entries should be on the official entry blank (obtainable from Paul & Murray, Torrancia Plymouth dealers). While actual inspection of the car will enable you to write a better letter, entrants need not buy anything and are under no obligation whatsoever.
